Discernment “Test” Instructions

After spending time in prayer and reflection, asking the Lord what His will is for you, it can sometimes be helpful to "gauge" where you are in regards to your readiness for the seminary. While this is certainly not an exhaustive list, nor meant to be the final word on the matter, perhaps these questions might help you in that "gauging" process.

On each of the twenty questions below, rate yourself on a scale from 0-5. A rating of 0 means you do not posses the stated sign at all. A 5 indicates that this sign is very evident in your life. The highest possible score is 100, so the closer you are to that number, the more prepared you may be for the seminary. Be completely honest with your answers. If you would like to follow up this discernment exercise by having a discussion with your Vocation Director, please visit the Who Do I Talk To page to find his contact information. He would be more than happy to help you discern the meaning of your answers.
